## The Age of Aging: How Demographics are Changing the Global Economy and Our World

By George A. Magnus

John Wiley and Sons Ltd. Hardback. Book Condition: new. BRAND NEW, The Age of Aging: How Demographics are Changing the Global Economy and Our World, George A. Magnus, The year 2008 marks the beginning of the baby boomer retirement avalanche just as the different demographics in advanced and most developing countries are becoming more pronounced. People are worrying again that developments in global population trends, food supply, natural resource availability and climate change raise the question as to whether Malthus was right after all. The Age of Aging explores a unique phenomenon for mankind and, therefore, one that takes us into uncharted territory. Low birth rates and rising life expectancy are leading to rapid aging and a stagnation or fall in the number of people of working age in Western societies. Japan is in pole position but will be joined soon by other Western countries, and some emerging markets including China. The book examines the economic effects of aging, the main proposals for addressing the implications, and how aging societies will affect family and social structures, and the type of environment in which the baby-boomers' children will grow up. The contrast between the expected old age bulge in Western nations...
