Excerpt from The Young Deliverers of Pleasant Cove Courage to dare, fortitude to endure, enterprise to accumulate, and prudence to retain, are qualities that, however valuable in themselves, when in excess impart to character a coloring dry, hard, and even render it repulsive. But if beneath the exuberance of young life we detect the germs of those sympathies that, travelling beyond the limits of self, recognizing the common bond that links all humanity, holds fellowship with the joys and sorrows of others; that true nobility of soul, not derived from without, but existing within, and ennobling whatever it touches, - it is then that youth becomes most attractive, its efforts win sympathy, its example is contagious.
