It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

i2i Publishing. Paperback. Book Condition: new. BRAND NEW, Genesis in Verse, Olga Savelyeva, This book is a poetic version of the Book of Genesis, the first book of the Old Testament. The plot is completely based on the Bible, without altering or omitting any essential part of it. Therefore all the characters and events are as in the original Book of Genesis. The poem is divided into twelve chapters, which reveal the principal epochs described in Genesis, beginning with Adam and Eve and the Creation of the World, and ending with the death of Israel and the death of Joseph. The form of a verse will let the readers go through the descriptions of the main world famous events and phenomena (the Flood, the Tower of Babel, the destruction of Sodom and Gomorra and so on) without stumbling on the difficulties of the authentic text. The poem will make it easier to perceive and memorize the text of the Bible, which is especially useful for schoolchildren and teachers, who can adopt the poem for songs and stage performances.
