Dimensions: 9.0in. x 6.0in. x 0.6in.I did nothing heroic or extraordinary, Human beings were in peril and I had to do something. --Meip Gies--Havent we all dreamed somewhere in the back of our mind how wonderful it would be if certain corrupt or evil political figures, tyrants, or dictators, were permanently eliminated from the world stage for violating the human rights of the innocent What about a corrupt politico, bigot or other self-absorbed person losing some of their ill-gotten fortune thru cyber attacks Maybe even pitting a couple of the Axis of Evil countries against each other through incognito computer virus. Havent we all wanted to see evil brought to justice once and for all, but felt helpless to do anything Well, The League of Family is doing just that, specific targeted eliminations, electronic funneling of funds and data around the world all for the well being of the long suffering innocent human beings in a distant land and at home. As the creator of this group of assassins I have shown the plausibility of how I found a surprisingly small group of people, from various countries, continents and religions and brought them together to rid the world of the evil besetting the human rights of the innocent around the globe. It has been left up to the reader to decide whether this is a work of fiction or a work of non-fiction and how easy this organization was to create. True story or not, and I must put a disclaimer, when I say much of it is true, the real story is where does fact and fiction separate. The first dossier of The League of Family takes us on a true first...
