THE FIRES WERE BURNING IN THE DARKNESS OF AMERICA. . . An overly emotional NASA physicist, Tony Rydell, learns the frightening truth about Earth's normally protective but rapidly thinning ozone layer during an hallucinatory, near fatal flight over Antarctica. But only Clare Holton, an emotionally repressed government scientific liaison officer, is willing to give Tony a hearing. However, Jack Douglas, Clare's lover and a ruthless White House financial advisor, has the President's ear and is determined that nothing will undermine his plans to make the U. S. the world's dominant economic power - even if it costs the environment in the process. So while the world's governments sit back and do nothing, Tony and Clare, initially antagonistic but gradually drawn together, embark on a dangerous, magical quest: to save Earth from the Dream Maker - a mysterious force now growing stronger in the ever-widening hole in the ozone layer. . . a force that feeds off people's minds and sends them into an alien world filled with UFOs and ghosts, monsters and resurrected loved ones. . . a...
